

Dear eBay Colleague,

I highly recommend Amy McCafferty to anyone who needs real estate assistance. When I joined eBay and relocated in March 2007, Amy gave me and my family her skillful support, leading to the purchase of our current home. It didn't take us long to realize that Amy know the Almaden/Los Gatos communities far better than anyone we had talked to. Furthermore, Amy connected with everyone in the family and made the house hunting process go off without a hitch. I expect to be working with Amy again on any upcoming real estate needs.

Best regards
-franco
