

Amy,

I can't thank you enough for the wonderful representation you gave me during the sale of my house. Your advice prior to listing was extremely beneficial to me. I know it made a difference in my being able to put the best possible product on the market. I also appreciated the time you spent with me researching the market to help me determine the appropriate listing price.

Overall, you provided me with excellent representation. I was impressed with the quality of advertisement, the professionalism you exhibited when dealing with other listing agents, and the time you spent explaining the numerous documents to me.

And, of course, the results! Your hard work sold my home in under one week!

I wish you continued success!

Sincerely,

Julie Anderson
